

## Video Shot List Worksheet

The shot list is where you record all of the shots you need to compile to complete your video. It may be helpful to organize your shots by location and to identify any other people (interview subjects or support crew) who will need to be present during the shoot, as well as an estimate of the amount of time you think will be required at each location.

Location:

Approximate time required:

Shot	People	Description
A		
B		
C
