

### Constructing a Beam Bridge

Cut two of each size from the corrugated cardboard.

1/2 x 1 in.

1 x 1 in.

1 x 1 1/2 in.

Unbend two no. 1 paper clips as shown. Select a pair of cardboard rectangles of the same size and tape them to paper clips and straw ends, as shown. Put straws and skewers together as before and tie a length of string snugly between the two clip ends.
